Resolved

Not an EBE

Phase 1 A: Of the 33 different contractors all have been contacted regarding their EBE status.

Please note that this was not the first attempt to collect EBE certification data. The written SBE certification was implemented in the summer of 2013. From that time, it was mailed on 4 separate occasions to contractors for completion.

EBE Certification Response Summary

The written SBE certification confirmation did not exist until the Summer of 2013. From then through September 2013, 4 separate mailings were made to contractors requesting they complete and return the certification.

54 different contractors are listed in Appendix Q of the Audit Report. Of that 54:

- **21 have supplied written EBE certification**
 - **4 had supplied their SBE written certification prior to the audit and their certification was in the binder at the time the Audit Team reviewed it (KLUG, Jaclyn, MIS America, and ASA). The DP-1 for Jaclyn will be revised to reflect the SBE status not WBE. This change does not adversely affect the overall EBE data.**
 - **3 contractors were considered SBE under the terms and qualifications set forth by the RJSCB at the time of Phase 1A implementation (Steel Tech, Weswood and Herman HVAC). Due to their participation on Phase 1A, they no longer qualify as a SBE and as such are not being utilized in Phase 1B.**
 - **1 was certified and approved as a DBE at the time of Phase 1A implementation but due to the dissolution of the partnership, no longer qualify. This original certification is attached.**
 - **5 contractors have incorrect approved certification listed by the Audit team. Their correct certification is listed and verification is attached (JHP Industrial Supply, Kraftwerks, Foxwise, Roche & Company LTD, and Spencer Virnoche/Upstate Interiors).**
 - **2 contractors will be revised on the corresponding DP-1 form and their corresponding certification is attached. Firestop Solutions is a NYS certified WBE not a SBE. Their WBE certification is attached. Jaclyn Building Services supplied written SBE certification which is attached (WBE certification is pending). Architectura, PC is NYS certified WBE and their certification is attached. These changes do not adversely affect the overall EBE data.**
 - 1 has NYS MBE certification pending (Sykes Consulting).
 - 1 is not an EBE (Victory Lifts)
 - 15 have not returned their SBE certification form. Of that 15:
 - 3 contractors have not been reached. Multiple attempts have been made to contact them
 - **7 have verbally confirmed SBE status.** They are currently completing and returning the certification forms
 - 1 has their attorney looking for their WBE certification
 - 1 has had NYS contacted to request the date of decertification.
 - 3 require additional follow-up (6TH time contacted).
 - 1 refused to complete SBE certification (Chait Studios)
- = 54**
